

Reading with Mrs. Rockafellow

Our Learning Goals

1st Grade: This month, we continue to build our fluency with letters and sounds. In addition, we continue to practice the literacy skills of blending (m-o-p to mop) and segmenting (mop to m-o-p) words orally. We are learning to read and write CVC words, such as bin, pet, and tub.

2nd Grade: We are learning to read and write CVC words, such as bin, pet, and tub. We are also beginning to learn words that begin with th, sh, and ch. We are applying that skill while reading decodable passages fluently and accurately.

3rd Grade: We are learning how to decode words that have consonant clusters (such as gl, dr, and st.) We are learning how to use the strategy "break the words into parts" to decode multi-syllable words such as dentist and contest. We are applying that skill while reading decodable passages fluently and accurately.

More Goals

4th Grade: We are learning how to decode words that have r controlled vowels (ar, er, ir, or, and -ur.) and words that have endings (-ed, -ing). We are learning how to use the strategy "break the words into parts" to decode multi-syllable words such as artistic, northern and border. We are applying that skill while reading decodable passages fluently and accurately.

Notes/Reminders

Thank you so much for completing the Title I paperwork and taking the time to email me about your child. If you have not had an opportunity to return those forms, please send them in as soon as you can.

*What I love most about my classroom
is who I share it with!*
